- Basic Cradle Cable
- Camera Hub Connection
- Charging Support
- HH420 / HH421 Compatible

The CAB-HUB-BASIC is a basic cradle cable for use with the Topicon HH420 and HH421 camera hubs. It supports charging and connection of a basic cradle to the camera-hub system.

It is suited to simple video and docking integrations where the camera hub is part of the system.

Compatible with: Topicon MDT880, Topicon MDT865, Topicon MDT1065
